

Multiple Event Response Trailer 4 (formerly MERT-2A)

The **M.E.R.T. 4** (Multiple Event Response Trailer) is a light-weight, affordable, highly visible and rapidly deployable trailer! This unique response trailer allows any department / service to have the ability to close off roads, delineate traffic, post detours, keep personnel safe, and allows vital assets to be released and re-deployed as needed. The MERT 4 is designed to operate attached to a vehicle or in a stand-alone mode. The MERT 4 comes completely equipped to meet the needs of your department or organization.

- * Immediate / Emergency Traffic Control
- * Traffic Delineation / Traffic Control
- * DUI / Safety checkpoints
- * Crash Scene Investigations
- * MERT is designed for easy and efficient on/off loading of equipment.
- * Scheduled / Unscheduled Road Closures
- * Posting Detours
- * Weather Emergencies
- * Safeguarding Construction Personnel.
