

## CONE-MERT B Multiple Event Response Trailer

The **CONE MERT B** (Multiple Event Response Trailer) is a medium weight, affordable, highly visible and rapidly deployable trailer. This trailer is a bigger version of our existing MERT Trailer line-up. Need more barriers, cones, or signs and need room for some of your existing equipment? This is the answer! This unique response trailer allows any department / service to have the ability to close off roads, delineate traffic, post detours, keep personnel safe, and allow vital assets to be released and re-deployed as needed. The MERT family of trailers are designed to operate attached to a vehicle or in a stand-alone mode. Like all of our MERT trailers, they come completely equipped and ready to deploy! The MERT family provides the right equipment needed in any situation!

- \* Immediate / Emergency Traffic Control
- \* Traffic Delineation / Traffic Control
- \* DUI / Safety checkpoints
- \* Crash Scene Investigations
- \* Cone MERT is designed for easy and efficient on/off loading of equipment
